Gift Aid This Donation. Registered charity: Number 1079968

Gift Aid is a scheme that allows any charity to claim a refund on tax the donor has paid on the money given. It is necessary that you are paying sufficient tax (on income, investments, savings or on capital gains) to cover your donation. If you are a U.K. taxpayer the charity can claim an extra £2.50 for each £10 you give. You only need to sign the declaration below — and that is all!

The completed information below is your declaration that you are willing for the Charity to recover the tax. The Charity will regard your donation and declaration as confidential.

I am a UK tax payer at the above address and request that the charity claim gift aid on my donation.
